hello@guldstreetshipping.com

We are the U.S.-side freight agent for forwarders and clearing agents in West Africa. We pick up, receive, check, consolidate and load your customers' cargo here, then hand it to licensed ocean carriers. You keep your customer and the clearance at destination.

WHAT WE HANDLE IN THE UNITED STATES

Pickup	Collection from homes, shops, auctions and suppliers anywhere from Boston to Washington DC.
Receiving	Suppliers and online stores deliver to our warehouse. Every arrival is logged against your list.
Buying	We buy from U.S. suppliers and stores on your instructions, with receipts for every purchase.
Photo checks	Every item is photographed on arrival. Counts and condition are confirmed with you before anything is loaded.
Consolidation	Many suppliers, one shipment. We group cargo into shared or full containers and prepare the packing list.
Export documents	Packing lists, commercial invoices and shipping instructions, prepared and checked before booking.
Vehicles and equipment	Cars, trucks and heavy equipment collected from dealers and auctions and delivered to the port, quoted per unit.
Handover	Cargo is booked with licensed ocean carriers. Shipping documents are made out as you instruct, so you clear and deliver at destination.

HOW A PARTNER SHIPMENT WORKS

1. You tell us what is coming: the supplier or customer, the goods and where they are.
2. We send one written quote for the whole job. Payment in full confirms it.
3. We collect the cargo or receive it at our warehouse. The receiving address is shared once the job is confirmed.
4. We check and photograph everything, and you approve the load list.
5. We consolidate, load and book with a licensed ocean carrier, then send you the documents.
6. You clear the cargo and deliver to your customer.

HOW WE WORK WITH PARTNERS

Quoted in writing, per shipment
Each job gets one written quote that states what is included and what is not.

Paid before work starts
Jobs are paid in full upfront. Cargo is received after payment.

Your customer stays yours
We deal with you and follow your instructions. We do not approach your customers.

An agent, working with licensed carriers
We act as your agent on the U.S. side. Ocean transport is booked with licensed carriers.
